HYDRA mate

HYDRAMATE

BIG BLUE HOUSING

DESIGNED TO SUPPORT EFFICIENT FILTRATION WITH FLEXIBILITY ACROSS A WIDE RANGE OF APPLICATIONS.

HYDRAMATE Big Blue Housing is designed for water filtration systems requiring high flow capacity and flexible cartridge selection. Its large-diameter housing accommodates 4.5-inch filter cartridges and is available in nominal 10-inch and 20-inch lengths to suit different filtration system requirements.

APPLICATIONS

- Food and beverage water filtration systems
- Drinking water production and treatment systems
- RO pre-treatment systems
- Commercial buildings and office facilities
- Industrial water filtration systems
- Residential buildings and commercial establishments

FEATURES

- Accommodates filter cartridges with a nominal diameter of 4.5 inches
- Available in nominal 10-inch and 20-inch cartridge lengths
- The housing is made of Polypropylene (PP)
- Inlet and outlet connection options to suit piping system requirements
- Compatible with various cartridge types according to filtration objectives
- Designed to withstand water pressure and provide reliable durability in use.
- Designed for convenient cartridge replacement and maintenance

SPECIFICATIONS

Cartridge Diamete :	4.5 inches
Cartridge Length :	10 and 20 inches
Housing Material :	Polypropylene (PP)
Cap Material :	Polypropylene (HFPP)
Pressure-Relief Button Assembly :	SS Series 300, EPDM, and polypropylene,
O-Ring Material :	EPDM
Maximum Temperature :	37.8°C
Maximum Pressure :	6.9 bar for the 10-inch model and 6.2 bar for the 20-inch model,
